Google Classroom - Parent Permission Form

Stepping Stones Educational Therapy Center is actively integrating educational technology tools into the curriculum through Google Classroom. These tools will help our students as we work together to achieve academic success. Google classroom is a web service that may be utilized on any computer or device with Internet access. The education version of Google Apps provides a self-contained, ad free, and filtered environment for students and staff to create, edit, collaborate, and share information with each other; as well as, when appropriate, publish some resources publicly. We make every effort to ensure that the internet usage is safe.

The features and options available will be based on grade level, student awareness, requirements for coursework, and formal permission from parents/guardians.

In order for students to have a google classroom account, you will need to set up a gmail account for them (I think you can just use their Initials) or we will need to use your email account. This account is only for setting up an account in google classroom. Student accounts may include a variety of Google Apps such as (but not limited to) shared documents, calendars, websites, and educational blogs. The accounts will be used at school for access on our Chromebook and other devices to participate on educational activities & class related projects.

Google classroom student accounts created by Stepping Stones will be managed based on parent permission and requirements for use in the classroom and online.

Student accounts can be accessed by domain administrators at any time and account information will be shared with parents/guardians. Parents/Guardians assume responsibility for the supervision of Internet use outside of school.

Since the purpose of Google classroom is to teach your child virtually when being in the classroom is not an option (by your choice or unforeseen reasons). Please help your child with their assignments or make sure they are doing them. The assignments are important because they automatically track your child's progress for us so we can keep data and know when your child needs to move up to another level or needs more help.

____ Parent/Guardian Permission for Google classroom account with my email: I agree to allow my student to have a Stepping Stones Google classroom account using my email.

Assumption of the Risk and Waiver of Liability Relating to Coronavirus/ Covid-19

The novel coronavirus, Covid-19, has been declared a worldwide pandemic by the World Health Organization. Covid-19 is extremely contagious and is believed to spread mainly from person-to-person contact. I voluntarily agree to assume all of the foregoing risks and accept sole responsibility for any injury to my child(ren) or myself (including but not limited to, personal injury, disability, and death), illness, damage, loss, claim, liability, or expense, of any kind that I or my child(ren) may experience or incur in connection with my child(ren)'s attendance at Stepping Stones. On my behalf, and on behalf of my children, I hereby release, covenant not to sue, discharge, and hold harmless Stepping Stones Educational Therapy Center, its staff, agents, and representatives, of and from the Claims, including all liabilities, claims, actions, damages, costs, or expenses of any kind arising out of or relating thereto. I understand and agree that this release includes any Claims based on actions, omissions, or negligence of Stepping Stones Educational Therapy Center, its staff, agents, and representatives, weather a Covid-19 infection occurs before, during, or after participation in any attendance at Stepping Stones Educational Therapy Center.
